The screenshot shows the 'TimeManager' app interface on a mobile device. At the top, there is a red header bar with the text 'TimeManager' in white. Below the header, the background is black. There are two input fields: the first is labeled 'Nombre' and has a red underline; the second is labeled 'Descripción' and is a larger text area. At the bottom of the form, there is a red button with the text 'GUARDAR' in white. The status bar at the very top shows '4G', a battery icon, and the time '23:22'. The Android navigation bar at the bottom shows the back, home, and recent apps buttons.

(en un futuro)

The screenshot shows the TimeManager app interface. At the top, there is a red header bar with the text "TimeManager" and a status bar on the right showing "4G", a battery icon, and the time "1:12". Below the header, there are two tabs: "POR TAREA" (selected) and "POR DÍA". Under the "POR TAREA" tab, there is a section titled "Horas dedicadas a cada tarea" followed by a table with two columns: the task name and the hours dedicated. The tasks listed are "Moviles" (9.0), "ADT" (0.0), "PSP" (0.0), and "Punteros" (10.0). The table has horizontal lines separating the rows. At the bottom of the screen, there is a navigation bar with three icons: a back arrow, a home circle, and a recent apps square.

POR TAREA		POR DÍA
